BOARD CHAIRS

Dear Phil,

On behalf of myself and Congregation Torat Emet, I want to offer a heartfelt mazel tov on the celebration of Ahavas Sholom's 110 th Anniversary Gala. Ahavas has been a mainstay and backbone of the Orthodox community of Columbus for over a century. May it continue to be a beacon of Torah and Yirat Shamayim.

You have been double blessed with the arrival of tonight's honoree's just a few years ago. Rabbi Moshe and Kelsey Yachnes have been a dynamic duo from the moment they arrived in Columbus. Their love for Ahavas Sholom, and its members has been manifested in so many important and loving ways. Programming, learning, leadership – the list goes on. Lucky for the rest of us, they have limited their energy and time to the shul alone. They have spearheaded many community programs and been essential role models for our students at CTA. We join you in honoring them with the Ahavas Sholom Young Leadership Award.

The same is true for Inna Kinney, your Ahavas Chesed honoree, except that her tenure as a supporter and doer goes back many decades. Most volunteers burnout after a while and their support often wanes with time. Inna's has only increased as she follows in her parents' footsteps as a successful entrepreneur, generous philanthropist, and grateful member of our community. May she go from strength to strength in all of her endeavors.

With warm blessings of mazel tov,

Rabbi Howard Zack
