Dear Sherry,

Thank you for your hard work, efforts and determination to make GHC a better place. You never "juggled" your responsibility as a synagogue leader. There was no "slight of hand", as to how you got things done. It was simply hard work. You never tried to "pull a rabbit out of the hat" (is it kosher?) to avoid any work, whether in the kitchen or the Board meeting. You always knew what "cards you were dealt", and there was no "hocus pocus" as you continued to persevere on, for the betterment of GHC. You put 100% into everything you do, there was no "abracadabra" to getting your work done. As Carnac the Magnificent would say, while holding the envelope to his forehead, "Who is it that was so dedicated to the future of GHC, that she works tirelessly, probably day and night, six days a week and in the kitchen on Shabbat, continually working on new ways to make sure GHC succeeds now and in the future?" ... Why it's Sherry Padva, the Immediate Past President (a coveted title) of GHC, that's who!

Thanks again Sherry. Have a magical evening.
