To me one of the most important attributes a person can have is dedication. Sherry Padva is one individual the Religious School can always count on. She is kind, extremely generous, helpful, encouraging, and most of all supportive. Sherry has also been a role model in many ways. We are grateful to have her in our lives especially with the Religious School.

The entire GHC Religious School faculty and student body join me in saying MAZAL TOV for your amazing devotion. You have touched many lives through your work and leadership in the different arms of GHC. We all thank and honor you as inspirational leader.

May you both and your family be blessed with continuous health, joy and happiness always.

With much love,

Debbie
