Barry Kenter, Rabbi Emeritus

Jeffrey S. Liss, President

The Men's Club extends its congratulations and Mazel Tov to the Greenburgh Hebrew Center for celebrating its 75<sup>th</sup> Anniversary.

The Men's Club has been in existence since the establishment of GHC. It was envisioned to have multiple goals which to this day are still relevant.

It was and still is a time when Men get together for socialization and camaraderie. The Men's Club represents a place where men of all ages can meet each other with similar interests, establish new friendships, and broaden their knowledge. We continue to host events and activities that provide opportunities for these goals to be met. Such events include Sunday breakfast, Poker and game nights, Superbowl Parties, and Bourbon tasting as well as organizing a blood drive that supported our entire community.

As much as we enjoy socializing, we also are committed to helping GHC whenever we can. The Men's Club is flexible in accomplishing any task at hand. We are actively involved in many events that have multiple purposes, such as erecting the Sukkah, manning the food concession at the Purim Carnival, and the Men's Club Bowtie Shabbat where we accomplished a religious task as well as having a time for socializing.

The Men's Club is proud and honored to be part of the GHC 75<sup>th</sup> Anniversary. We have always found GHC to be a warm and supportive synagogue and we are looking forward to future celebrations and programs in the forthcoming years.

Howard Baskin and David Luftig,  
Co-Presidents Men's Club
