Barry Kenter, Rabbi Emeritus

Jeffrey S. Liss, President

Dear Jeff,

I would like to join the entire congregation in wishing you a hearty Mazal Tov on the completion of a very successful presidency. Coming out of the pandemic, you have helped the congregation begin to return to a sense of normalcy, and to feel comfortable coming back and being part of the community. It has been great seeing so many people back in the building, at the Barbeque, Hanukah dinner and Purim Carnival. You made a point of being there for almost every service and event, reaching out and introducing yourself to any newcomers.

You always lead with a smile and put people at ease with your laid back and straightforward style. I always feel comfortable talking with and getting feedback from you. At a time when we all need to smile and laugh more, we all appreciated your tradition of ending services with a joke, even when they were corny!

Kol hakavod, and thank you so much for your service these past two years.

Sincerely,
Cantor May
