

May 2022

Dear Friends,

Congratulations on your 75th anniversary celebration! I would like to take this opportunity to recognize the important work of Hillel of Buffalo. Since its inception, Hillel of Buffalo has served as a vital hub of Jewish life for both Jewish and non-Jewish students on the University at Buffalo campus. It has also been a cornerstone resource for the larger Jewish collegiate community in Western New York.

This significant milestone demonstrates the impact and legacy of the important the work that Hillel of Buffalo does each and every day. Thank you for creating a space, providing resources, offering programs, and holding a variety of services for our students. Thank you for empowering our Jewish students and enriching their college experience.

On behalf of the University at Buffalo College of Arts and Sciences, I send congratulations and best wishes for many prosperous years ahead. 75 and counting! I appreciate all that Hillel of Buffalo does for our students, the university community, and our region.

Take care,

Robin G. Schulze, PhD
Dean, UB College of Arts and Sciences
