

April 29, 2022

Dear Friends:

On behalf of all of us at the University at Buffalo, heartfelt congratulations on the 75th anniversary of Hillel of Buffalo! Since 1946, your steadfast commitment to our students has greatly enriched our scholarly community, and we are most appreciative.

Through Hillel's nurturing spirit, you have guided generations of UB students by cultivating a welcoming, inclusive space for intellectual growth and engagement in Jewish thought. Over the years, you have inspired countless students to not only explore and deepen their Jewish faith, but to celebrate the many ways that their Jewish identity has informed and enhanced their life's path. In the process, our students have forged connections and friendships that have endured long after they graduate.

Throughout Hillel's proud history, your mentorship of our Jewish students has helped them thrive at UB and beyond, as alumni who are committed to making a meaningful difference in the many communities we serve. By virtue of your dedicated leadership, you are upholding Hillel's mission "to enrich the lives of Jewish students so they may enrich the Jewish people and the world."

Congratulations to tonight's honorees and, again, to Hillel of Buffalo for 75 years of devoted service to our students and our university.

Sincerely,

Satish K. Tripathi
President
