Dear Friends at Hillel of Buffalo:

On behalf of the faculty, staff, students and alumni of the University at Buffalo School of Management, congratulations on the occasion of your 75th anniversary!

Hillel is a valued partner to the University at Buffalo and the School of Management. From serving as a center for Jewish life on campus, to connecting students to the local business and Jewish communities for jobs and internships, your organization has made a positive impact on so many lives.

Congratulations to all the award recipients at your celebration: Dr. Jeffrey Lackner, Abby Feldman and School of Management alumni Steven and Ellen Weiss.

Finally, special thanks to Marc Adler, president of your board (as well as School of Management alumnus and faculty member) and Rabbi Sara Rich, executive director, for your leadership of Hillel.

We look forward to continuing the work we do together and to many more years of collaborating with you to strengthen our community.

Warm regards,

Paul Tesluk
Dean
