Hon. Dorothy L. Goosby  
Deputy Supervisor

Greetings!

I extend my heartfelt congratulations to Hofstra University on the auspicious occasion of your annual Gala to raise funds in support of endowed scholarships.

Hofstra University continues to be a stellar institution of higher learning. It is no surprise that Hofstra has maintained its place as one of Long Island's finest schools for achieving academic excellence. Students from around the world are exposed to new experiences, diverse opportunities and adventures that prepare them to be global thinkers and civic minded.

I can't say enough about Hofstra's professors, they are leading scholars and award-winning teachers that are also notable authors and well known throughout the country. You are making a difference in every student's life.

Congratulations to the Honorable David S. Mack on this well-earned recognition. Your commitment and dedication to Hofstra is an extraordinary example of supporting higher education. You have provided an exemplary example of living a life of service and inspiring others to achieve their goals and achieve great success and fulfillment.

Hofstra scholarship recipients will greatly benefit from the funding that this annual event provides. I applaud Hofstra for helping to offset some of the costs of college that our young people encounter.

Regards,

Dorothy L. Goosby  
Deputy Supervisor
