

On behalf of the NCHHC Foundation we want to express our heartfelt thanks for your continued support throughout the years. The Foundation relies on your generosity to maintain the level of excellent care that the Home has provided for over 120 years. All proceeds will benefit initiatives to improve the quality of life of the residents in our care.

For over 120 years we have been committed to our mission, "to provide our Residents with exceptional physical care, enhanced social services and enrichment of their spiritual lives, all in a pleasant environment where their human dignity is preserved." We have always recognized that our effort to care for every resident is a sacred trust.

Since 1903 the Norwegian Christian Home & Health Center has been meeting the needs of the elderly in the Brooklyn community. Just as NYC has evolved so has the Home. Today it has a diverse population of residents in Skilled Nursing, Assisted and Independent Living.
