

*North Shore Jewish Center*

*Louva Roberts*

Louva Roberts started her time with NSHC as a toddler attending nursery school. Continuing her journey with NSJC, Louva attended religious school as well, where she learned many different aspects of Judaism. While attending religious school she made many friends, who she would invite to her and her twin sister's B'Not Mitzvah. Louva has been an active member of USY. She is currently Vice President of the NSJC chapter. In the summer of 2017 Louva went on USY on Wheels "Classic". Louva is a senior at Longwood High School. She loves cinematography, fine art, and sports including basketball, street hockey, and tennis. In the upcoming years of her life, she will be attending college, in the hopes of becoming an art therapist. Art is a passion of hers that she has always wanted to expand upon. She feels that Judaism has enlightened and improved her perspective on life.

Louva would also like to congratulate all of the other honorees, and say a big thank you to the NSJC Men's Club for awarding her this honor.
