Dear Friends:

It is a pleasure to send greetings to everyone gathered for the Annual Gala of the Schechter School of Long Island.

Since its inception, the challenging curriculum at this progressive school has provided young people in the area with a quality education, blended with instruction in character, values, and Jewish traditions. With guidance and encouragement from a dedicated faculty and staff, the students who attend Schechter LI are well-prepared to grow into responsible, contributing, and caring adults.

Tonight, you pay tribute to remarkable individuals, and I am pleased to join in congratulating your esteemed honorees. Their meaningful involvement with this fine school has truly benefited a grateful community and is to be applauded and commended.

With warmest regards and best wishes for an enjoyable evening.

Sincerely,

A handwritten signature in blue ink, appearing to read "Andrew M. Cuomo".
