

Dear Julie,

Mazel tov on reaching your Presidential retirement from Temple B'nai Abraham!

Over the past year and a half, I have been privileged to see your dedication, determination, and love for Temple B'nai Abraham every single day. Whether you were in Livingston, NJ or some other corner of the world, you were thinking about and caring for our TBA community.

Personally, my thanks and gratitude run very deep. I am immensely grateful to have started my professional TBA journey with you. You willingly gave your time, experience, insight, and ear, whenever I needed it. When you hired me, you said "we're going to have a good time while we do this", and you were right. Every day as Executive Director is a different one and I am grateful you were a partner in navigating many of the days!

I am confident we will see you on a regular basis at TBA and your impact will be felt on a daily basis for generations to come. I will still be looking for text messages checking in and sharing what's happening with our families.

Wishing you a retirement filled with more relaxed travel time, your family, and new adventures!

And in the meantime, the Suskauer's will see you at TBA, Devils games, and concerts!

With gratitude and friendship,

Mara B. Suskauer
Executive Director
