Dear Friends,

It is a pleasure to extend my sincerest congratulations and warmest wishes as you celebrate the 2016 annual Testimonial Banquet.

For seventy-five years, the Jewish Education Center of Elizabeth has embraced the critical need for spirituality and togetherness in our community. Your commitment to building and strengthening the global Jewish community demonstrates a fundamental tenet of your faith, that we must love our neighbor as we love ourselves. The Jewish Education Center of Elizabeth plays an instrumental role in educating and connecting the Jewish community in New Jersey. Your work is an inspiration and worthy of the highest commendation.

I would especially like to congratulate tonight's honorees, Dr. Steven Singfer, Edward and Cecile Mosberg, and Lisa Bond. The continued success of the Jewish Education Center of Elizabeth is a testament to your dedication and service.

Again, congratulations! I look forward to celebrating your continued success.

Best,
