To Whom It May Concern-

It's my great pleasure to congratulate the Women's League for Conservative Judaism on its centennial. As an international volunteer organization focusing on Jewish women and families and a wide range of issues affecting them and our world as a whole, the Women's League is a valued partner and advocate for all of us who care about the ways that Judaism seeks justice, meaning, and community.

The lay and professional leadership of the Fuchsberg Jerusalem Center of the United Synagogue of Conservative Judaism are proud to stand alongside you in this special year, and wish you great success in the future

Warmly,

Dr. Stephen Hazan Arnoff
Executive Director, Fuchsberg Jerusalem Center
