

On behalf of the Women's League, congratulations to the 2018 YINR Annual Dinner honorees: Dina and Marc Serman, and Mickey and Doni Nyer.

This year marks the 30th Anniversary of Women's League which supports YINR members in all aspects of our lives and our community, including welcoming new members, celebrating births and other smachot, and offering support during difficult times. We provide opportunities for families to build friendships and connect with one another with social events and communal activities. In addition, we raise critical funds to support our shul, our Mikvah, and those in need in the greater Jewish community.

Dina's contributions to the Women's League are well-known, including the launch of the Mishloach Manot initiative and the restructuring of the Shiva Committee during her term as Women's League Co-President. In addition, Dina helped set up our beloved Ruach program while Executive Board Chair. Dina also helped establish the YINR Chevra Kadisha and the Mikvah of New Rochelle. Her trail blazing leadership is a beacon for all women who want to be immersed in Jewish life, inside and outside the home, and especially, in shul.

Mickey being honored with the Young Leadership Award is a well-deserved accolade, and we have been blessed with her involvement in many events and initiatives, including her leadership as chair of the Hospitality Committee. Mickey never stops thinking about how to make the shul experience more exciting, fun and family-friendly as she did by creating YINR Tot Shabbat.

It is only with the help of dedicated volunteers like tonight's honorees and so many others, that Women's League is able to support our community to the level which we do. We hope all our members are inspired by our honorees' commitment to our community and become involved in Women's League and the shul. Thank you to both women, and their husbands, for having such a positive impact. Mazal Tov!

Alexandra "Sasha" Fox and Anya Rackman Wiebke
Co-Presidents of the Women's League
